RAILROAD MEN'S BASEBALL. Since the aunouncement in The Tribune that the officials of the New-York Central and Hudson River Railroad Company had subscribed \$100 for ahandsome silver cup, to be presented to the winning

team in the Inter-department Baseball League of the Grand Central Station, each department in the League is anxious to carry off the prise. The

managers of the several teams have been careful in their selection of players, and nothing but the best material has been secured. Yesterday aftermoon the several teams played practice games at Van Cortlandt Park. The first of the series of games will be played at Van Cortlandt Park on Saturday next, between teams from the office of the auditor of passenger accounts and the finance department.

AQUEDUCT WAS POPULAR.

A LIVELY DAY AT THE LITTLE TRACK.

THE RACES GRATIFIED THE SPECTATORS. The attendance at Aqueduct yesterday was the best of the week, and probably the largest that the Queens County Jockey Club has seen since the track was opened. Results well warranted the trip, for the sport furnished was of a satisfactory sort. The favorites captured their full share of honors. The card included one flature, the Canarsie Stakes for two-year-olds. Caoutchour had an easy victory. She is clearly one of the best of the youngsters that have run in public in the United States this year. She was, of course, the favorite, but the price, 7 to 10, was extremely ception of Sharpless, was of extremely poor quality. There was enother skirmish in the selling-rac war after Arabian had won the fifth event. He was entered to be sold for \$500, but was raised to \$965 before he was knocked down to his owner. W. C. Daly. Maximo Gomez, who was presented to Michael Clancey on Thursday, gets haif of this surplus, as well as \$30 second money. Clancey was lacky in getting such a gift.

the fallen angols whose home is Hades are often sent by the Spanish captain-general of the nether world on missions of evil to racetracks. All the saints agree that horseracing is full of subtle temptations, and that the emissaries of Mephistopheles find a favorite field on racecourses for their efforts to lead astray poor, weak, etring mortals. It is the lofty and noble duty of all turf stewards to seek zealously to cast out every racetrack devil who is setting traps for the unwary and putting forth snares for simple victims. The first important step toward the purgation of the turf would be to banish all the bookmakers, and keep them in eternal exile. It is not likely that this herote method will be adopted this year. Perhaps it will not be carried out for many years. But until it is put through no racetrack can be wholly free from guile.
